

OTHER PROGRAMS WE OFFER

Equi-Lease – JHRS has a great program for students who want to ride more, socialize more or just have more fun with people who have the same love for horses. This program is perfect for those who want to own a horse but are not ready to take that step. Our goal is for you to learn what owning a horse is all about, but at the same time have fun riding, taking lessons and enjoying riding more than once a week.

Show Team – Show team for our riders is an all year round happening. No limit to the number of riders on the Team, but you need to sign up by the start of our show season. Our show series starts in April.

Afternoon & Weekend Working Student Program – For all our students 18 and under. We will train and explain your responsibilities and give you the opportunity to work with the knowledgeable Barn Managers.

Adult Grooming Program – This is a super program for the adult that cannot commit to a certain time every week, but would like to spend more time at JHRS and with horses. This is an excellent program, which will teach you how to groom and correctly care for a horse. After your training session, you can choose your own schedule to groom and spend quality time with the school horses.

Adult Exercise Program – ADULTS ONLY. Join us in the morning for a grand workout around the farm, who needs the gym. We will train you in all aspects of horse farm management. Free Riding Time or Lesson in exchange for your workout, because you deserve the very best!

Therapeutic – Lessons offered to children & adults with general mental & physical disabilities. "Graduates of Therapeutic Riding School welcome!"

**“ALL AGES WELCOME”**

JHRS instructs from the ground up. Proper handling, grooming and tacking is emphasized.

We believe quality time is important, teaching individually or through semi's (2 students) allows us to give each student undivided attention. Unlike some facilities, we do not teach in Minutes, we teach in Sessions.

## HOME SCHOOL PROGRAM

JHRS has a wonderful new program for home-schoolers. The parents and kids have a lot of fun in the barn getting their child's horse ready to ride.

The kids then have a blast in their lesson. One of the best things about the program is the extra time the children get to spend with the horses after class.

It's just like the horse is their very own!
